GEO 303 Landscape Geology	4		<input type="checkbox"/>
GEO 304 Landscape Geology lab	0		<input type="checkbox"/>

TOTAL CREDITS 28

15 TO FINISH

TO GRADUATE ON TIME? SAVE MONEY? GET BETTER GRADES?

You're going to need 15. That's the number of credits you need to take each semester to graduate on time. Sure, you can take less and still receive some scholarships and funding. But unless you take 15 credits a semester (or 30 a year), you're looking at an extra year or more in order to graduate. Know the courses you need to graduate, and meet with your advisor to map out a plan to earn your degree on time.
